Dr. Wu is a Professor at the Department of Agricultural, Food and Nutritional Science of University of Alberta. His research aims to understand the structure and activity relationships of food protein derived bioactive peptides. He has published over 150 peer-reviewed papers at international journals, 6 invited book chapters, over 120 scientific presentations and ~80 non-scientific presentations, and 10 patents/applications. He is an associate editor of *Journal of the Science of Food and Agriculture & Food Science and Human Wellness*, and an editorial advisory member of *Food and Function*. He is also a Member of Cardiovascular Research Center of the Faculty of Medicine and Dentistry at the University of Alberta (since 2010), Chair of Protein and Co-Products Division of American Oil Chemist Society (2016-2018), Chair/co-chair of the Banff Egg Forum (2012, 2014, 2016, 2018), Chair of International Symposium on Bioactive Peptides (2017).
